

Google patents [Advanced Patent Search](#)**Patents**Patents 1 - 4 on **braid group digital signature**. (0.05 seconds)› **List view**Cover view**[APPLICATION]** Digital signature method based on braid groups conjugacy and verify method ...

US Pat. 10579601 - Filed Nov 12, 2004

A verifying method based on **braid group** conjugacy **digital signature** scheme,  
comprising the following steps of: Step 1. a **signature** verifying party (V) ...› **Sort by relevance**Sort by date (new first)Sort by date (old first)Public key cryptosystem using finite non abelian groups

US Pat. 7251325 - Filed Oct 17, 2001 - Electronics and Telecommunications Research Institute

... a **digital signature** can not be selecting a first element of a first **group**,  
... computing a first inner automorphism which is **braid group**" published on ...› **Any status**Issued patentsApplications**[APPLICATION]** Public key cryptographic method based on braid groups

US Pat. 10492694 - Filed Apr 16, 2004

A **braid** whose permutation is the identity permutation (which sends any integer  
from 1 to n to itself) is said to be pure. [0016] The **group** G of braids with ...**[APPLICATION]** Method and apparatus for detecting the presence of flame in the exhaust path ...

US Pat. 10516788 - Filed Jun 3, 2003

3, one potential configuration of the **group** of a plurality of fibers 33 is  
closely ... and sheathed in fiber glass cloth 38 and a stainless steel **braid** 39.

...
